

Interesting in Reproduction and Development? We are looking for a full-time, highly motivated lab manager with technical skills. Come join our team!

<https://petropouloslab.wixsite.com/embryology>

Our lab is located in the CRCHUM, a state-of-the-art research facility <https://www.chumontreal.qc.ca/crchum> in the heart of Montreal, Quebec. Start date can be discussed with successful candidate.

The candidate must have:

1. Great time management/organizational skills
2. Proficient in French and English
3. Previous experience working in a research lab. Experience in Molecular Biology (PCR, immunostaining, library preparation, genotyping), Embryology, Stem cell biology and animal work preferred.
4. Holds a MSc or higher

Duties include:

1. Assisting with experiments
2. Assisting with ethical renewals and write-ups
3. Lab ordering
4. Training new personnel
5. General lab maintenance and overseeing of activities

The application must include:

- A letter of interest, outlining how the candidate's experience and background fulfills the specific duties and entry requirements.
- A complete curriculum vitae, describing previous positions, roles and responsibilities, scientific publications and other relevant experience
- 2-3 referees

To apply/application: please send your CV/resume, a motivation letter and the name and email addresses of 2-3 references to Sophie Petropoulos: sophie.petropoulos@umontreal.ca
